

Jennifer K. Adams

Postdoctoral Research Fellow, Department of Biology
University of Waterloo
200 University Avenue West, Waterloo, ON N2L 3G1
j24adams@uwaterloo.ca • www.jenniferkadams.com

ACADEMIC POSITIONS

Postdoctoral Research Fellow (September 2019 – Present)

Department of Biology, University of Waterloo
Paleolimnology to distinguish the roles of river regulation and climate change on persistent low water levels in the Peace-Athabasca Delta
Advisors: Profs. Roland Hall and Brent Wolfe (Wilfrid Laurier University)

Faculty of Arts and Sciences Postdoctoral Fellow (September 2017 – September 2019)

Department of Earth Sciences, University of Toronto
Microplastic pollution of Canadian freshwaters and remote marine systems
Funding: Faculty of Arts and Sciences Postdoctoral Fellowship Award
Advisors: Profs. Miriam Diamond and Sarah Finkelstein

Maternity Leave (2020-2021)

EDUCATION

Doctor of Philosophy (2017)

Department of Geography, University College London (United Kingdom)
Thesis title: Multiproxy reconstructions of recent environmental change: Understanding the ecological response of shallow lakes within the Selenga River basin, southeast Siberia, to anthropogenic and natural disturbances
Supervisors: Profs. Anson W. Mackay and Neil L. Rose
Thesis examiners: Prof. Vivienne J. Jones (UCL) and Prof. Suzanne McGowan (University of Nottingham)

Master of Science (2009)

Department of Geography, University of Toronto (Canada)
Thesis title: Quantitative Paleoclimate Reconstructions from the Melville Peninsula, Nunavut, Canada
Supervisor: Prof. Sarah A. Finkelstein

Bachelor of Science (Honours) (2007)

Honours Specialization in Environmental Science, University of Western Ontario (Canada)
Honours thesis title: Effects of Potential Changes of Nitrogen Loads to Nitrous Oxide Efflux from Prairie Potholes
Supervisor: Prof. Irena F. Creed

NON-ACADEMIC POSITIONS

Aquatic Science Technician, Fisheries and Oceans Canada (2010 – 2013)

Great Lakes Laboratory for Fisheries and Aquatic Sciences, Burlington, Ontario

PUBLICATIONS

GRANTS, AWARDS, AND FELLOWSHIPS

Faculty of Arts and Sciences Postdoctoral Fellowship, University of Toronto, 2017-2019, \$90,000

Postgraduate Conference Travel Grant, University College London, 2017, \$1,000

British Phycological Society Student Bursary, 2016, \$1,000

British Ecological Society Training and Travel Grant, 2016, \$1,000

Faculty of Graduate Studies Postgraduate Award, University College London, 2014, \$10,000

Canadian Centennial Scholarship, 2014, \$5,000

New Research Workers' Award, Quaternary Research Association, 2014, \$1,400

NSERC PGS-Doctoral Award, Natural Sciences and Engineering Research Council Post Graduate Scholarship, 2014-2017, \$63,000

Graduate School Project Fund, University College London, 2014, \$5,000

Dudley Stamp Memorial Award, Royal Geographical Society – Institution of British Geographers, 2014, \$1,000

Henrietta Hutton Research Grant, Royal Geographical Society – Institution of British Geographers, 2014, \$1,000

Overseas Research Scholarship, University College London, 2013-2016, \$86,000

NSERC PGS-Master's Award, Natural Sciences and Engineering Research Council Post Graduate Scholarship, 2008-2009, \$17,500

Graduate Expansion Funds, University of Toronto, 2008-2009

Northern Scientific Training Program (NSTP), Aboriginal Affairs and Northern Development Canada, 2008-2009

University of Toronto Fellowship, University of Toronto, 2007-2008

PRESENTATIONS

Invited talks:

Disentangling threats to freshwater conservation in the Anthropocene. May 2021. Keynote speaker, Paleolimnology Symposium (PALS), University of Waterloo. Remote.

Oral Presentations:

26. Brown K.C., **Adams J.K.**, Wiklund J.A., Telford J.V.K., Wolfe B.B., Hall R.I. 2021. Evaluating the effects of local climate change on lake-water balance at the Peace-Athabasca Delta using paleolimnology. Paleolimnology Symposium (PALS). University of Waterloo. Remote.
25. Girard C.L., **Adams J.K.**, Telford J.V.K., Wiklund J.A., MacDonald L.A., Hall R.I., Wolfe B.B. 2021. Upstream 'trigger tributary' influence on temporal variation of ice-jam induced flooding at the Peace Athabasca Delta. Paleolimnology Symposium (PALS). University of Waterloo. Remote.
24. Stratton M.S., **Adams J.K.**, Wiklund J.A., Telford J.V.K., Hall R.I., Wolfe B.B. 2021. Investigating the role of an upstream watershed on ice-jam flood regimes at the Peace-Athabasca Delta. Paleolimnology Symposium (PALS). University of Waterloo. Remote.
23. Brown K.C., **Adams J.K.**, Wiklund J.A., Telford J.V.K., Wolfe B.B., Hall R.I. 2021. Evaluating the effects of local climate change on lake-water balance at the Peace-Athabasca Delta using paleolimnology. University of Waterloo Biology Graduate Symposium. Remote.
22. Brown K.C., **Adams J.K.**, Telford J.V.K., Wiklund J.A., Hall R.I., Wolfe B.B. 2020. How water balance and environmental conditions are changing at two lakes in the Peace-Athabasca Delta region in response to climate. Cold Regions Research Days. Wilfrid Laurier University, Waterloo, Canada. Remote.
21. Girard C.L., **Adams J.K.**, Telford J.V.K., Wiklund J.A., MacDonald L.A., Hall R.I., Wolfe B.B. 2020. Evaluating the role of a 'trigger tributary' on temporal variation of ice-jam induced flooding at the Peace-Athabasca Delta. Cold Regions Research Days. Wilfrid Laurier University, Waterloo, Canada. Remote.
20. Athey S.N., **Adams J.K.**, Erdle L., Helm P., Jantunen L., Finkelstein S.A., Diamond M.L. 2020. The global environmental footprint of indigo denim microfibers. SETAC Europe, Dublin, Ireland. Remote.
19. Girard C.L., **Adams J.K.**, Telford J.V.K., Wiklund J.A., Hall R.I., Wolfe B.B. 2019. Reconstructing the role of a 'trigger tributary' on ice-jam induced flooding at the Peace-Athabasca Delta. Cold Regions Research Days, Wilfrid Laurier University, Waterloo, Canada.
18. Stratton M., **Adams J.K.**, Telford J., Wiklund J.A., Hall R.I., Wolfe B.B. 2019. Identifying the role of hydrological changes in a tributary driving ice-jam formation at the Peace-Athabasca Delta. Cold Regions Research Days, Wilfrid Laurier University, Waterloo, Canada.

17. Brown K.C., **Adams J.K.**, Wiklund J.A., Telford J.V.K., Wolfe B.B., Hall R.I. 2019. Evaluating the effects of climate change on hydrologically isolated lakes near the Peace-Athabasca Delta using paleolimnology. CAGONT, Guelph, Canada.
16. **Adams J.K.**, Athey S.N., Erdle L., Jantunen L.M., Rochman C.M., Helm P., Finkelstein S.A., Diamond M.L. 2019. Assessing blue jeans as a major microfiber source to global aquatic systems. SETAC North America, Toronto, Canada.
15. **Adams J.K.**, Jantunen L.M., Diamond M.L., Finkelstein S.A., Rochman C.M., Bernstein S., Stern G. 2018. Evidence for microplastic contamination in remote Canadian Arctic Archipelago marine sediments. SETAC North America, Sacramento, California, U.S.A.
14. **Adams J.K.**, Rose N.L., Vologina E., Mackay A.W. 2018. Multi-proxy investigations highlight ecosystem response to hydrological change in wetland shallow lakes. International Paleolimnology Association-International Association of Limnogeology, Stockholm, Sweden.

Conference Session Organizer and Chair:

Adams J.K., Roberts L., Bishop I., Gell P. 2017. Aquatic Transitions: tracking the nature and trajectories of change using paleolimnological approaches. Aquatic Sciences Meeting - Association for the Sciences of Limnology and Oceanography, Honolulu, Hawai'i.

SUPERVISORY AND MENTORING EXPERIENCE

Graduate Students:

- H. Thibault (2020-Present): Thesis title TBD. MSc, Department of Biology, University of Waterloo.
- K. Brown (2019-Present): Evaluating the role of local climate change on reduced freshwater availability in the Peace-Athabasca Delta using paleolimnology. MSc, Department of Biology, University of Waterloo.
- M. Stratton (2019-Present): Understanding the role of an upstream watershed on ice-jam flood regimes at the Peace Athabasca Delta, northern Alberta. MSc, Department of Biology, University of Waterloo.
- C. Girard (2019-Present): Reconstructing the role of the Wabasca River tributary on ice-jam induced flooding at the Peace-Athabasca Delta. MSc, Department of Biology, University of Waterloo.
- E. Eftesum (2017; Dissertation Merit): Reconstructing shallow lake ecosystem dynamics in southeastern Siberia using macrofossil analysis. MSc Aquatic Sciences, Department of Geography, University College London.
- D. Kuznetsova (2015; Dissertation Distinction): Temporal and spatial variations in ostracod communities in the Selenga Delta, Siberia. MSc Conservation, Department of Geography, University College London.

Undergraduate Students:

C. Nomanee (2021-Present): Evaluating reproducibility of hydroecological inferences from paleolimnological analyses of diatoms at a floodplain lake. Undergraduate honours thesis, Department of Biology, University of Waterloo.

A. Lacey (2021-Present): A multi-century evaluation of the role of local hydroclimate on lake levels in the Peace-Athabasca Delta. Undergraduate honours thesis, Department of Biology, University of Waterloo.

N. Farn-Wei Lim (2020): Temporal assessment of microplastics contamination from stratigraphic analysis of sediments in Lake Wilcox. Undergraduate honours thesis, Department of Biology, University of Waterloo.

S. Mathews (2020): Co-op student in the Department of Biology at the University of Waterloo and Department of Geography and Environmental Studies at Wilfrid Laurier University

S. McLay (2019-2020): Paleolimnological assessment of climatic variations adjacent to the Peace Delta, northeastern Alberta. Undergraduate honours thesis, Department of Biology, University of Waterloo.

T. Pang (2019-2020): Paleolimnological analysis of past climate conditions adjacent to the Athabasca Delta, northern Alberta, Undergraduate honours thesis, Department of Biology, University of Waterloo.

S. Hak (2019) Investigating temporal trends in microplastic and microfiber pollution in Greater Sudbury Area lakes. NSERC USRA, Department of Earth Sciences, University of Toronto.

J. Yu (2019) Investigating temporal trends in microplastic and microfiber pollution in Greater Sudbury Area lakes. Research Opportunity Program, Department of Earth Sciences, University of Toronto.

A. Filipovich (2019) Spatial variation in microplastic and microfiber pollution in lakes of the Greater Sudbury Area. Research Opportunity Program, Department of Earth Sciences, University of Toronto.

R. Springle (2018-2019): Spatial variation in microplastic pollution of surface waters from freshwater ecosystems in Ontario, Canada. Research Opportunity Program, Department of Earth Sciences, University of Toronto.

S. Yohannes (2018-2019): Spatial variation in microplastic pollution of surface waters from freshwater ecosystems in Ontario, Canada. Research Opportunity Program, Department of Earth Sciences, University of Toronto.

D. Nouri Parto (2018): Assessing the contribution of atmospheric deposition of microplastics from snow fall in the Greater Toronto Area. Research Opportunity Program, Department of Earth Sciences, University of Toronto.

S.A. Anas (2018): Assessing the contribution of atmospheric deposition of microplastics from snow fall in the Greater Toronto Area. Research Opportunity Program, Department of Earth Sciences, University of Toronto.

TEACHING EXPERIENCE

Teaching Distinctions:

Associate Fellow of the United Kingdom Higher Education Academy, awarded April 2017.

Training Courses and Workshops:

Teaching Assistantship Program, University College London (2016)

Object-Based Learning Seminar, University College London (2016)

University College London Arena One Gateway Program (2015)

Teaching Assistantships:

Graduate Courses:

Global Environmental Change, Department of Geography, University College London (2013-2017)

Biological Indicators of Environmental Change, Department of Geography, University College London (2014-2015)

Undergraduate Courses:

Global Environmental Change, Department of Geography, University College London (2013-2017)

Statistics for Environmental Geographers, Department of Geography, University College London (2014-2016)

Reconstructing Past Environments, Department of Geography, University College London (2013-2016)

Data Acquisition and Interpretation, Department of Geography, University College London (2013-2015)

Global Warming, Department of Geography, University of Toronto (2008 - 2009)

SERVICE CONTRIBUTIONS

Journal reviewer, *Environmental Pollution, Environmental Science & Technology, Inland Waters, Journal of Paleolimnology, Limnologica, Limnology and Oceanography Letters, Marine Pollution Bulletin, Neobiota, Polycyclic Aromatic Compounds, Science of the Total Environment, The Anthropocene*

Guest co-editor (2021-present)

Special Issue of *Water*: “Arctic Flux: The Fate of Inorganic and Organic Pollutants in the Aquatic Systems of the Arctic Region”

Member, Science Cluster (2020-Present)

Past Global Changes (PAGES) Early Career Network

Regional Representative for Canada (2018 - present)

Past Global Changes (PAGES) Early Career Network

Member, Diversity in Science Committee (2018 – 2020)

Laurentian Chapter of the Society of Environmental Toxicology and Chemistry (SETAC)

Guest co-editor (2019-2020)

Special issue of *Geo: Geography and Environment*: “Aquatic transitions: tracking the nature and trajectories of anthropogenically forced change in freshwater and coastal ecosystems”

Workshop participant (2018)

Athena SWAN Made-in-Canada initiative, “Adapting the UK Athena SWAN program for implementation in Canada”, Sponsored by the Tri-Agency Council (NSERC, SSHRC, CIHR)

PhD research student representative, Athena SWAN Committee (2015 - 2016)

Committee for assessing departmental policies and practices regarding gender equality
Department of Geography, University College London, United Kingdom

Co-organizer, Physical Geography Weekly Seminar Series (2014 – 2016)

Department of Geography, University College London, United Kingdom

Graduate Student Representative, Geography Lab Committee (2014 – 2016)

Department of Geography, University College London, United Kingdom

Co-founder and Vice-President, Arctic Student Network (2007 - 2009)

University of Toronto, Canada

Graduate Student Representative, Physical Geography Building Health and Safety Committee (2007 – 2009),
University of Toronto, Canada

PROFESSIONAL MEMBERSHIPS

Society of Canadian Limnologists (SCL)

International Society of Limnology (SIL)

Society of Freshwater Sciences (SFS)

International Society for Diatom Research (ISDR)

International Paleolimnology Association (IPA)

Association for the Sciences of Limnology and Oceanography (ASLO)

Society of Environmental Toxicology and Chemistry (SETAC)
